

The Experts Edition

**RFE88**

**Rust remover acidic**

Power Formula

### Description

STEN Experts Rust remover acidic RFE88 is an **extremely gentle and user-friendly special** cleaner. Removes **rust, metal oxides** and **mineral deposits from** sensitive surfaces due to its special ingredients. Removes even deeply ingrained rust deposits caused by metal garden furniture and tools, dripping faucets, ferrous fertilizers or similar.

### Areas of application

For interior and exterior **use on tile, stone and ceramic surfaces, slate, sandstone, cast stone, terrazzo**, etc. Not suitable for limestone or acid-sensitive surfaces.

### Usage

Dose according to the degree of contamination or deposition. **Dilute with water 1:1 to 1:20 and mix well.** Depending on the application, degree of soiling and material, up to 100 m<sup>2</sup> surface can be cleaned. In case of stubborn soiling, leave the agent to act for 2 to 10 minutes and additionally use brushing or mechanical cleaning. Rinse off with water. **Before starting, make a test on not well visible place!**

**Notice**

Depending on the application and the degree of soiling, up to 100 m<sup>2</sup> area can be cleaned with 1 liter.

The product should not be sprayed directly onto adjacent plant or lawn areas. In the edge area of the surface to be cleaned, adjacent lawn may turn brown. This will grow out again after some time.

For use on limestone we recommend Sten Shoonmaken Rust remover neutral RFE08. Rust remover acidic RFE88 can only be used very diluted on limestones. Always do a small sample cleaning in a place that is not easily visible.

Pets should be kept away during a cleaning. Once cleaning is complete and the surface is dry there is no danger to your pets.

Keep out of the hands of children. Read label and product information before use.

**Technical details**

**Contains:** 5-15% oxalic acid, 5-15% hydroxyethylidene bisphosphonic acid.

ph value: 1.5

Density: 1 g/cm<sup>3</sup>

Appearance: Colorless liquid

Odor: Neutral

UFI: G960-405F-8002-4T4X

**Ecology**

The organic components are **easily biodegradable**.
